ZC SPORTS

BEST OF BOTH Worlds

We are ZC Sports, a Chilean company with more than 10 years of experience in the world of Cheerleading. Today we ship worldwide and are present in more than 10 countries and on 4 of the 5 continents.

When you thought that everything was black or white, ZC Sports comes to open unlimited possibilities within your reach and where only you will set the limits.

We introduce you the complete line of shoes that ZC Sports has available for you.

New CRYPTO

We offer you 7 different styles of urban and competition models; you can combine and customize them 100% with the graphics of your choice. For example, you could have some shoes for the gym, others for competition, and some urban ones. All with the same design!

Black and white are in the past. You will discover a new world full of colors where there are no limits to design. We use the entire shoe as a large canvas where you can express yourself.

FICKLE

If we talk about Cheerleading; Crypsis, Micry and Fickle are models you should know.

Crypsis are ultralight, weighing only 120 grams on average, their almost seamless design makes them fit perfectly to the foot.

Micry thanks to its design and excellent features, has become the favorite of those who need ankle reinforcement, since it has a Velcro in its upper area that provides greater stability and support.

It is very light, only weighing 160 grams on average, which positions it among the lightest weight shoes on the market, even when compared to other low-top shoes.

Fickle is the latest from ZC Sports, Fickle is the band's lightest model with only 110 grams. Designed to provide a perfect fit, made with a new generation of environmentally friendly materials, it turns out to be more breathable, light, and flexible.

HOW DO YOU BUILD A SHOE?

TECHNICAL SPECIFICATIONS

- 110 grams weight.
- Mesh upper fabric.
- Low profile and textured sole for better flexibility and performance.
- Bubble laces provide more security.
- HD Laser printing gives a perfect finishing touch to design.

1. Ultra moldable and comfortable insole, built with material ideal for feet breathing.

2. Texture without cuts, ultra-light and moldable to your feet.

3. Bubble laces prevent them from coming loose easily.

4. Insole adaptable to grasp and slightly textured for a better grasp.

5. Customize your design, your identity!

The great technology of Crypsis has already been put to test at ICU, the Cheerleading Worlds and the Summit with great performance and efficiency results. For this reason, it is the official shoe of Team Chile, Team Spain and other All-Star athletes present in these competitions in the United States from 2018 to present.

If you chose the name of your team, the colors, shapes of the uniform, training clothes... Why do you leave the shoes to chance?

Don't miss the opportunity to make a complete difference between yourself and others with an exclusively footwear designed for you.

YOUR DESIGN WITHOUT LIMITS
